1 PROGRAMS

- Middlebury Language Schools

Special Interests & Adventure

23 PROGRAMS

- Abbey Road Programs
- Adventures Cross Country (ARCC)
- Broadreach
- Bruce Beck & Ian Eagle Sports Broadcasting Camp
- CIEE Global Navigator

When to Apply

Sept – Oct	Start a shortlist. Browse by interest and note 6–10 programs you would genuinely enjoy.
Nov – Dec	Check each website for the application opening date, cost, and financial aid. Ask a teacher early if a recommendation is required.
Jan – Feb	Most applications open. Selective research programs and the service academies close earliest.
Feb – Mar	Submit. Many programs admit on a rolling basis, so applying earlier is stronger — especially for housing.
Apr – May	Confirm your spot, pay deposits, complete health and travel forms, arrange transportation.
Jun – Aug	Attend. Keep notes and contacts; they help with college essays and recommendations.

1

Pick an interest

Choose one of the nine areas, or search a college by name.

2

Narrow it down

Filter by grade level, residential or commuter, location, and how many weeks.

3

Save and share

Bookmark programs to your list, then print it for a counselor or parent.

Search all 140+ programs online

Filter by college, area of interest, grade level, location, and length. Save a shortlist and print it for your counselor meeting. Available in English and Spanish.

byramhills.org/guidance

Talk with your counselor

Your school counselor can help you weigh cost, fit, and how a summer program supports your academic plan. Stop by the Guidance Office or email to set up a time.

Cost and financial aid

Programs range from free and stipend-paid to several thousand dollars. Many offer need-based aid that is not advertised prominently — ask the program directly, and ask your counselor about local scholarships.
